Sl. No.	The school is directed to ensure that :
1	The total number of sections of the school shall be restricted to 18, of which not more than 1/3rd sections may be used for senior secondary classes. In the rooms between 400-500 Sq.Ft, the enrollment to be restricted to 32 students per section. Any further increase of section shall require prior approval of the Board, subject to compliance with affiliation bye laws and availability of rooms of 500 sq. ft. dimension.
2	The school has overlaid a ramp to access the upper floors, on a staircase; hence it is very steep and unsafe, which is not acceptable. It is very difficult for wheelchair bound students/staff to navigate wheelchair/walker on ramp. Therefore, the school is directed to dismantle the same and re-construct the ramp as per the provision laid in RPWD Act and Board's guidelines (https://saras.cbse.gov.in/SARAS/Circulars/Circular05_2023.pdf) within 03 months and submit compliance on SARAAS with videography.
3	The CwSN toilets are very small. There is no room for a wheelchair/walker to navigate inside the cubicle. The doors of the toilets are too narrow for entry of wheelchair inside the cubicle. The ramps at the entrance of the CwSN toilets are very steep. The school is directed to make separate toilets for CWSN (boys and girls) on every floor with sufficient space for navigation, wider doors, low gradient ramps and proper permanent signage (on the cubicle) as per norms of RPwD Act and Board's guidelines within 03 months with videography.

4	Composite science lab is under stocked. Bins for biodegradable waste/non-biodegradable waste, sufficient number of sinks, exhaust fans; gas connections, fire extinguishers etc. are not available in the lab. Lab has inadequate seating arrangement for students. It appears to be a temporary setup without any workstation. The lab does not have adequate storage facilities for storing the lab material. School is required to remove these deficiencies and upgrade the labs as per SoP issued by the board within 03 months and submit compliance on SARAS with videography.
5	Other science labs (Physics, Chemistry & Biology labs) have also not been properly equipped & upgraded. The school shall upgrade all the science labs as per Sops issued by the Board , within 03 months and submit the compliance on SARAS with videography.
6	School is required to make provision of separate reading area for staff and teachers in the Library within 3 months and submit compliance on SARAS with videography.
7	The school shall ensure the training of its teachers with CoE Bhubaneswar within 3 months.

Compliance of the above mentioned points shall be submitted within 03 months on the SARAS Portal. Failure to comply within the prescribed time shall invite financial penalty @ Rs. 50,000/- every month until compliance is submitted and shall debar the school from filling the registration and LOC of students class IX to class XII , as the case may be.

The approval of the Board as mentioned above, is subject to the following conditions:-
